Sanctuaries

Bird Watching

The Experiential Learning Cycle

01. Preparation

Building knowledge, curiosity and readiness before the learning journey begins.

02. Travel

Stepping out of the classroom to experience learning in real-world environments.

03. Explore & Learn

Discovering new places, ideas, cultures and practical knowledge through observation and interaction.

04. Reflect & Share

Thinking deeply about experiences and sharing insights, lessons and personal growth.

05. Project Presentation

Turning learning into action by creating projects or presentations that showcase understanding.

06. Certification

Receiving recognition for skills, knowledge and successful completion of the educational journey.

Aligned with Your Academic Goals

School Curriculum

Travel & Exploration

NEP Directives

- Our tours are integrated with school curricula and meet the National Education Policy's push for experiential learning.

Teacher Partnership

- Teachers are active collaborators in the educational journey, not just chaperones.

Co-Designed Outcomes

- We define learning outcomes in collaboration with teachers to ensure the itinerary complements classroom teaching.

About Shikhar Educational Tours

Shikhar Educational Tours has been a pioneer in educational tourism for over **46 years**, recognized by the **Ministry of Tourism, Government of India** for its contribution to structured student travel. We specialize in designing transformative learning journeys for schools and colleges that seamlessly integrate education with exploration.

With the implementation of **NEP 2020**, we have redefined educational tourism by aligning our programs with the policy's emphasis on **experiential, multidisciplinary learning**. Each tour is thoughtfully curated to complement the school curriculum, promote real-world application of classroom concepts, and nurture **curiosity, critical thinking and global awareness** among students.
